Apple Mac Laptops

- MacBook Air
- MacBook Pro
- Must support Mac OS 12.0

Additional Recommendations and information

Students should bring devices to school in a suitable case. These cases will benefit from having a hard outer shell and padded interior that fits inside a backpack to offer the best protection. Additionally, students must bring suitable earbuds that can be used with their device. All devices should be charged the night before at home to be ready for the following school day.

The Department of Education provides free access to Microsoft office for ASHS students. This means it is not required for you to purchase this with the devices. We will support students accessing Microsoft Office as we connect them to the school network.

Support

For our families experiencing financial hardship and require support in providing their child with a device please contact our ICT Coordinator, Zac Matthews, Zac.Matthews@education.wa.edu.au.
