

NAPLAN Online – information for parents and carers

2019

Why do students do NAPLAN?

The National Assessment Program – Literacy and Numeracy (NAPLAN) assesses literacy and numeracy skills that are essential for every child to progress through school and life. Students in Years 3, 5, 7 and 9 participate in the annual NAPLAN tests in reading, writing, conventions of language (spelling, grammar and punctuation) and numeracy.

The assessment provides parents and schools with an understanding of how individual students are performing at the time of the tests. NAPLAN is just one aspect of a school's assessment and reporting process - it does not replace ongoing assessments made by teachers about student performance.

NAPLAN also provides schools, education authorities and governments with information about how education programs are working and whether young Australians are meeting important educational outcomes in literacy and numeracy.

What is assessed?

NAPLAN assesses literacy and numeracy skills that students are learning through their regular school curriculum. All government and non-government education authorities have contributed to the development of NAPLAN materials.

In 2019 most students across Australia will sit NAPLAN online.

Feedback in the first year of NAPLAN Online showed that students engaged well with online assessments. One of the main benefits of NAPLAN Online is tailored (or adaptive) testing, where the test automatically adapts to a student's test performance. The test presents questions of higher or lower complexity, depending on a student's performance.

Tailored (or adaptive) testing is designed to assess a wider range of student abilities and to measure student achievement more precisely. Your child should not be concerned if they find questions more challenging than usual; they may be taking a more complex test pathway. A student's overall NAPLAN score is based on the number and complexity of questions they answer correctly.

NAPLAN Online is not a test of keyboard skills. There are variations in how fast and well a student can type – just as there are variations in how fast and well a student can write by hand. Year 3 students will complete the writing test on paper.

To get an idea of what the online assessment looks like, visit the public demonstration site at nap.edu.au

How can I help my child prepare?

Help your child prepare by reassuring them that NAPLAN is just one part of their school program, and by reminding them on the day to simply try their best. Teachers will ensure students are familiar with the types of questions in the tests and will provide appropriate support and guidance. Ensuring students are familiar with using devices, typing on them and navigating through programs are a part of student learning and a requirement of the Australian Curriculum from the first year at school.

ACARA does not recommend excessive preparation for NAPLAN or the use of coaching providers. NAPLAN is about assessing learning progress in literacy and numeracy.

Will my child sit NAPLAN on paper or online?

In 2019, your child will sit the NAPLAN online tests. However, children in some other schools across Australia will sit the NAPLAN paper tests this year. Federal, state and territory education ministers have agreed that all schools will move online by 2020. State and territory education authorities will determine when their schools move online.

As students are assessed on the same literacy and numeracy curriculum content, regardless of whether they complete the test online or on paper, results for both formats can be reported on the same NAPLAN assessment scale. To find out more about NAPLAN Online, visit nap.edu.au

Participation in NAPLAN

All students in Years 3, 5, 7 and 9 are expected to participate in the annual NAPLAN assessment.

Students with disability may qualify for adjustments that reflect the support normally provided for classroom assessments. You should first discuss the use of any disability adjustments for your child with your child's teacher.

A formal exemption may be granted for a student with disability that severely limits their capacity to participate in the assessment, or for a student who has recently arrived in Australia and has a non-English speaking background.

Your school principal and your local test administration authority can give you more information on NAPLAN Online disability adjustments or the process required to gain a formal exemption.

NAPLAN Online 2019 timetable

The assessment window for NAPLAN Online is extended from three days provided for the paper test to nine days. This is to give schools more flexibility in scheduling and accommodate schools that may have fewer devices. The NAPLAN Online assessment window starts on Tuesday 14 May and finishes on Friday 24 May 2019.

The online tests must be taken in the following order:

Test	Duration	Order	Details
Writing	Year 3: 40 min. Year 5: 40 min. Year 7: 40 min. Year 9: 40 min.	To be completed in the first two days	Year 3 students do a paper-based writing test on day one only
Reading	Year 3: 45 min. Year 5: 50 min. Year 7: 65 min. Year 9: 65 min.	To be completed after the writing test	Students read a range of informative, imaginative and persuasive texts
Conventions of language	Year 3: 45 min. Year 5: 45 min. Year 7: 45 min. Year 9: 45 min.	To be completed after the reading test	This test includes spelling, grammar and punctuation
Numeracy	Year 3: 45 min. Year 5: 50 min. Year 7: 65 min. Year 9: 65 min.	To be completed after the conventions of language test	This test includes number and algebra; measurement and geometry; and statistics and probability

What if my child is absent from school on assessment days?

Where possible, schools may arrange for individual students who are absent at the time of testing to complete missed tests at another time during the school's test schedule. Individual students are not permitted to sit NAPLAN online tests after Friday 24 May 2019.

How is my child's performance measured?

Individual student performance is shown on a national achievement scale for each assessment. A result at the national minimum standard indicates that the student has demonstrated the basic literacy and numeracy skills needed to participate fully in that year level.

A NAPLAN individual student report will be issued by your child's school later in the year. If you do not receive a report, you should contact your child's school.

How are NAPLAN results used?

- Students and parents may use individual results to discuss progress with teachers.
- Teachers use results to better identify students who would benefit from greater challenges or extra support.
- Schools use results to identify strengths and areas to improve in teaching programs, and to set goals in literacy and numeracy.
- School systems use results to review programs and support offered to schools.
- The community can see average school NAPLAN results at myschool.edu.au

Where can I get more information?

For more information about NAPLAN:

- contact your child's school
- contact your local test administration authority at nap.edu.au/TAA
- visit nap.edu.au

For information about how personal information for NAPLAN is handled by ACARA, visit nap.edu.au/naplanprivacy
