

ALBANY SENIOR HIGH SCHOOL

NEWSLETTER

VOLUME 7 - NOVEMBER 2018

FROM THE PRINCIPAL

Getting students to write

A common lament in the staff room is the challenge of getting students to write. In today's world students need to be able to write in a number of formats and using a number of methods and tools. I think we have all seen teenagers thumb speed on their mobile phone, but the needs of modern communication and the world or work requires much more sophistication. The fine motor skills and endurance of writing using a pen is still an important skill and is used in class and beyond. The keyboard skills to write coherently and quickly using a computer is also important for the workplace and the increasing number of online tasks and assessments (NAPLAN and OLNA). As a school, we provide the skills and knowledge of how to write a report, a persuasive argument, a scientific report or a written explanation for solving a mathematical problem. We need to all work together in supporting students to improve their skills in writing to be able to communicate their thoughts and ideas effectively.

In 2019 the NAPLAN writing assessment will be online, so students will need to be able to type and use the software with confidence to enable them to express their thoughts fluently. The school will be supporting the current Year 8 students prepare for NAPLAN online, by providing opportunities to use computers to practice their writing and keyboard skills this year and into next. We will be encouraging students to bring their own device so they know the machine and are ready and confident to use it in class and for NAPLAN online.

Head Boy and Head Girl for 2019

The school recently held its end of Year 12 and handover assembly for prefects. The selection process for prefects is always competitive and this year as no exception with a large number of talented and passionate students nominating. Congratulations to Bonnie Staude and Patrick Webster who were elected as Head Girl and Head Boy, I am sure will continue to be outstanding leaders and representatives of our school.

School Survey Feedback

Thank you to the 100+ parents who provided feedback in the annual school survey. The information gathered is being shared with the staff, the School Board, the P&C and IT committee, to support them in making decisions about future directions.

The school uniform survey questions indicated the following:

- Staff and parents were in support of Year 11 and 12 students being able to wear the blazer.
- An alternative school skirt is worth exploring with student input about design and wearability.
- A replacement jacket should be selected on the basis of warmth first, then durability and price.

The school and School Board will use this feedback to inform negotiations about uniform supply and policy into the future. There will be no changes to the school dress policy for 2019.

JENNY FIRTH
PRINCIPAL

FROM THE DEPUTY

NAPLAN Online 2019

Next year, students in Years 7 and 9 will all undertake their NAPLAN, online. This means using a computer to undertake the tests. Feedback from schools that have already commenced this is that student interest and engagement is generally high. However, students need to feel confident in typing and responding digitally – on a computer. As part of preparing students for this, our primary schools are encouraging students to write on digital devices, at every opportunity. The same is being asked of ASHS staff. Typing and editing on screen is different to handwriting. Some prefer it; some are good at it, many need to practice this.

Something to consider early is the Bring Your Own Device opportunity all students at ASHS have. Students learning and developing these skills when using their own device will help to enhance skill development through familiarity – as opposed to using a different type of computer in different classes. Devices for students are on the booklist for 2019, and I encourage families to move towards this to support student learning.

CONNECT

I am pleased to share that by the end of this year, CONNECT will have a facelift resulting in a more user-friendly experience. Parent workshops will be conducted in early 2019 to assist parents in getting the most out of CONNECT, and the 'facelift' will ensure CONNECT 'looks good' or 'fits' devices and screens of all sizes, allowing users to interact confidently. Stay tuned! This will be a welcome upgrade.

Activity Day

Staff have commenced working on plans for Activity Day, 2018. This occurs on Wednesday 12 December, with students being able to nominate some fun and engaging activities to be involved in on the day. Notes and information will come out soon, and places are often limited. Keep an eye on CONNECT for details to avoid disappointment.

Ms Sara Garcia Perlines
DEPUTY PRINCIPAL

STUDENT SERVICES

Senior School

I would like to bid farewell to our Year 12 students who have now completed their final year of schooling and wish those sitting the upcoming WACE exams all the best.

The final day for Year 11 students is 16 November. Those students studying a General pathway are required to attend school up until 16 November; ATAR students will have exams from 12 November until 16 November. Students with four or more ATAR subjects will only be required to be present during their scheduled exam times, students with less than 4 ATAR subjects are required at school on the days that they do not have an exam. Student must sit the exam for every subject they study to be able to complete that course. Should students be unwell on the day of an exam, please inform student services and supply a medical certificate.

Year 11 students are reminded that they are not permitted to stay at home to study in the lead up to Week 6 as valuable revision will be occurring in class.

2019 Head Boy and Head Girl

I would like to formally congratulate the 2019 Head Boy – Patrick Webster, and Head Girl – Bonnie Staude. Patrick and Bonnie will have a busy year ahead representing the school on formal occasions. We wish them the best in their new role.

Year 10 – Exams

The Year 10 students who have been studying in the ATAR stream completed their end of year exams on October 26. Students are to be commended on the way they conducted themselves and are now more aware of what lays ahead of them in the next two years.

Year 7 Dodgeball Competition

Over a number of weeks, many Year Sevens have been taking part in the Dodgeball Tournament. This culminated with Dragon Fire taking out the prestigious titles of Dodgeball Master. The Year Sevens are to be commended on their teamwork and their willingness to cooperate. Great work Year Sevens!

STUDENT SERVICES Continued...

Year 12 Futures Day

Attendance

Please be reminded that all absences need to be accounted for. Parents are encouraged to inform the school if their child will be away. This can be done by email albany.shs.enquiries@education.wa.edu.au, Phone 9841 0419 or SMS 0400 204 440.

Parents are also reminded that all students who are absent from school for three or more consecutive days require a medical certificate to explain their absence.

The attendance raffle winners from Term 3 were Year 7 – Esther Tainsh, Year 8 – Eva Linnett, Year 9 – Tully Bew and Year 10 – Tom Borcz.

To be in the final raffle for the year, students must maintain attendance over 90%. The final raffle will be drawn on December 11, with the winners receiving a ticket for Orana Cinema.

School success starts
with attendance

Ms Dianne Heinrich
PROGRAM COORDINATOR

CYBER SAFETY

With the ease of access, students have to the internet and social media cyber safety is of concern to parents, caregivers and the school. We encourage parents and carers to talk to your students in regards to the issues around cyber safety. Please see the attached information flyer containing tips in relation to cyber safety.

The internet and mobile phones provide great ways to express yourself and communicate with others. It's important to make sure they're used responsibly so that everyone has an enjoyable online experience.

It's all about respecting yourself and others.

1. Use a **strong password**, a combination of upper and lower case letters, numbers and symbols, eg P@\$\$w0rd!
2. Use **secure web browsers**, those with https at the start of the URL and a padlock or other indication that it is secure, when sharing sensitive information.
3. Update your **operating system** regularly and make sure you have **antivirus** software installed on your computer and other devices – phones too!
4. Avoid opening or responding to emails from people you do not know and aren't expecting – They could contain a virus or malicious software.
5. Don't give out **private information** over the internet or mobile phones about you, your family and friends. Also think about what information might be contained in photos you share.
6. Only accept **friend requests** from people you know and trust. When it comes to friends and followers online it is not a popularity contest!
7. **Think before you post!** Once you've pressed 'Send' you can't get that back. Who might see that photo, video or comment? Where might it end up?
8. Make sure your social media accounts are set to **private or friends only!** Also make sure you check your privacy settings regularly as they can change without you knowing.
9. Tell your friends to ask for **your permission** before uploading or tagging you in a photo – Make sure you do the same!
10. Don't post **inappropriate or illegal** content - It is impossible to permanently delete digital content once it has been shared.

Most importantly, know where you can go for help! Speak to an adult you trust if something makes you feel uncomfortable online or on a mobile phone. You can also contact:

- Reach Out: www.reachout.com.au
- Bullying. No Way!: www.bullyingnoway.com.au
- Kids Helpline: 1800 55 1800
- Youth Beyond Blue: www.youthbeyondblue.com
- The **website, application or phone carrier** that you were using at the time

Armistice Day Commemorations

On Thursday 8 November, a combined schools service will be held to commemorate 100 years since the end of World War One – Armistice Day. This will involve a 'Bell Ceremony' to acknowledge the 100 Albany servicemen lost during the war and recognised on the War Memorial on York Street. This will be followed by a military parade down York Street involving over 2000 students from Albany schools.

Each school was allocated ten servicemen to research in the lead up to the day. Students from ASHS were given the opportunity to conduct research and the best ten from a range of year groups were selected to represent the school at the Bell Ceremony. The students are Tyler Dihm, Imogen Taylor and Renae Sheridan of Year 7; Grace Poole, Zoe Taylor and Larni-Mae Ramsell of Year 9; Jenaya Colbung and Emily Holden of Year 10; Bonnie Staude and Fiona Dent of Year 11. Well done to these students for their efforts and to all the students who conducted some research.

These students will be joined by a further 230 ASHS students in the parade.

Sunrise Live

Three ASHS students, Bonnie Staude, Fiona Dent and Ava Dente-Bright, appeared on Channel Seven's Sunrise program during the school holidays as a part of the promotion of the 'Field of Lights' on the Avenue of Honour. Filmed live at the National ANZAC Centre, the students discussed their connections to ANZAC and the significance of the ANZAC Centre. They were great ambassadors for our school.

Year 10 Tree Planting

During September our Year 10 Non-ATAR students helped out the local community by planting some of the thousands of trees that have gone into the revegetation of Lake Seppings under guidance from the City of Albany Reserves and Parks staff. Students worked on the town side of the lake planting many different native species. This is an important environmental corridor that links Mount Melville and Mount Clarence with Emu Point and Bayonet Head. Students enjoyed getting out of the classroom and contributing to the local community by volunteering. They also went for a walk through previously revegetated areas and learnt what worked well and what didn't. Many thanks to the City of Albany for providing a bus to and from Lake Seppings for our students. It is hoped that we can participate in this valuable activity again next year.

HASS Continued...

Year 9 HASS Economics unit – ASX Game Winners!

Over the past three months, students in our Year 9 HASS classes formed syndicates of between 2-4 members to take part in the Australian Stock Exchange Game as part of this year's Economics unit.

Participants are 'given' \$50,000 to buy and sell stocks/shares. They are charged brokerage fees for every trade, and they are not allowed to buy or hold more than 25% of stock in any one company. The students selected from 200 listed companies on the ASX. Their trading is fixed to real market prices.

This teaches students to research the financial wellbeing of companies such as valuations, capitalisations and future outlooks. But most importantly it teaches students about taking calculated risks and to spread their risks.

Saul and Jayden managed to make a profit of nearly \$6000 over a period of three months. They were placed first in Western Australia and fourth in Australia out of 17,800 syndicates. They will receive cash prizes.

Mr Ray Lucas
TEACHER

From the students:

We did a lot of background fundamental and technical analysis using two websites called TradingView and marketindex.com.au – we also watched the news daily. To maximize our profits over the short time frame, we invested in speculative sectors such as Mining and Biotechnology. In particular, we would watch to see how Wall Street closed because the ASX usually followed that trend later. The market was very bearish, so we took extra precaution and held our shares throughout the pressure - it's not every day that a company gets a \$2 billion buyout offer and rises 20%. In the end, it was a mixture of luck and dedication that got us through the game – winning us first place in Western Australia and Fourth in Australia.

Jayden Ramm and Saul Beattie
STUDENTS

Beersheba Memorial

On Saturday 27 October our Head Boy and Head Girl, Patrick Webster and Bonnie Staude, lay a wreath on behalf of Senator Dean Smith to commemorate the 101 years since the battle of Beersheba.

The battle of Beersheba took place on 31 October 1917 as part of the wider British offensive collectively known as the third Battle of Gaza. The final phase of this all day battle was the famous mounted charge of the 4th Light Horse Brigade.

The service was very interesting and educational.

Mrs Angela Findlay
TEACHER

HONG KONG WORK EXPERIENCE

This year, the participants in the program were Hugh Hudson, Lawson Terpstra, Emily Turner and Shaan Wood, accompanied by Mr Lucas and Ms Turner. They visited Hong Kong from 6 to 15 September, narrowly avoiding the arrival of Super Typhoon Mangkhut which arrived on 16 September.

The Tourists

On the first couple of days in Hong Kong, we got to experience the local food and see many tourist hotspots. On Friday we arrived and walked to the History Museum where we learned about the culture and past of Hong Kong through the ages. That afternoon we met with Laurie Young and had a beautiful high tea at Café Gray. On Saturday we boarded a lovely private boat and sailed around the Harbour before stopping at Lamma Island for a seafood lunch. At night we ventured into the local markets to experience the Chinese street food and shop at the market stalls. The food was nothing like we had seen before, but it tasted fresh and amazing. The next day we took the cable cars up to a big Buddha at Ngong Ping (pictured) where we walked up 268 stairs. We were in awe of the view from the incredible structure at the top. Later that day we caught a tram to the highest peak in Hong Kong and went up to the sky deck where we were able to look over the whole of Hong Kong.

For the remainder of the week, after work each day we were treated to incredible meals in amazing restaurants with Laurie and other staff from CLSA. We learned how to use chopsticks at Lamma Island, what steak tartare was at The Felix, and what cooked chicken feet look like at Ho Lee Fook.

Some tips for future participants in the Hong Kong program.

You do NOT need to bring

- Denim jeans, not one pair, definitely not three
- Jackets, again, not one and definitely not three
- School work, despite your best intentions, you won't look at it
- Checked shirt, no matter what brand or cost
- 15 pairs of socks!

The Work

Throughout the week we had a magnificent opportunity to attend the CLSA Investor's Forum. The forum is put on by CLSA to give their investors the opportunity to come and listen to a range of speeches about different world problems and different investment opportunities.

We had the task of going to at least five of these talks, writing reports on them, and preparing two presentations to present to Laurie, two major CLSA analysts and some other staff from Human Resources. We had the privilege to listen to talks on various topics and companies such as:

- Global trade wars
- How to prevent Alzheimer's
- Loss of privacy due to technology
- The future in Artificial Intelligence and Robotics
- Electronic vehicles, batteries: lithium and cobalt
- Qantas

After presenting on Friday afternoon, we were given the opportunity to have a tour of Bloomberg, a global information and technology company, (with an awesome 'pantry' of free food!)

This week was one of the biggest highlights of our schooling journey, a week filled with laughter, food and hard work. We would like to thank everyone that supported us on this journey and especially Ms Turner, Mr Lucas and Mr Laurie Young, who all supported and guided us through the week, and Laurie in particular, for giving us this amazing opportunity.

TECHNOLOGIES

It is with a mixture of sadness and excitement that we have farewelled our Year 12 students. As a last look at some of the talent to be found in this group, here are some jewellery pieces from Mr Jaspers' class. Wishing all of the student's success in their futures.

Heart stone set Viking knit bracelet – Casey Powell

Lucky Clover pendant with Viking knit chain – Eamon Pritchard

Investment cast Sterling Silver ring – Thomas Hunt

Zirconia Gem Set ring – Zaid Bulbulia

Cabochon Zirconia Gem Set ring – Tyson Rowe

Business Management and Enterprise – Year 11/12 General

This year we have had 14 Year 11 students and 14 Year 12 students, with the number of students selecting this subject on the rise. The Year 11s worked together in a combined class researching forms of business, business opportunities, environment, legal frameworks, planning, marketing, human resources and recruitment, employer and employee legal obligations, rights of consumers and business in the community. Entrepreneurship and business planning is the main focus of the course with students developing and planning a product of their own to sell at a market stall.

The Year 12s worked individually and in teams to investigate and research public image, business function, marketing, organisational structures, employment, consumer rights, management styles, intellectual property, legislation and the law. They completed an Externally Set Task in Term 2, Week 4 with a high percentage of students achieving success in this task. The students designed and marketed a cereal box and also learnt how to write and develop a professional business plan.

2018 ART EXHIBITION - Je ne sais quoi of Virtuosity

To the 2018 Year 12 Art students; We hope that we have provided you with the visual tool box to view this beautiful world with mesmerised eyes. Remember to look up, down, around and beyond. To celebrate the darkness of thunderous clouds in the sky as you indulge in their contrasts of high and low key gradations, the creatures that erupt in your imagination from the cracks within the bricks and mortar when sitting waiting for the next train, bus taxi as you traverse the globe that awaits your footprint.

Tuesday 11 September saw a good crowd at the opening of the Senior and Lower School Annual Art Exhibition. Titled *Je ne sais quoi of Virtuosity* in order to try and capture that elusive “something” that adequately describes the diverse and creative range of art styles, techniques and concepts on display, this year’s exhibition was a colourful and thought-provoking array of student work from Years 8 to 12. The evening commenced at 5.30 pm then kicked off officially at 6.00 pm with teachers Andrea Totten and Melissa Daw each welcoming everyone attending and speaking about their students.

Mrs Daw opened with an Acknowledgement of Country and then summarised how much she enjoys working with her senior school students in General Art. She noted that although it has been a difficult year with lots of interruptions and changes to the class with TAFE and workplace learning commitments, students leaving to start apprenticeships, TAFE courses or work and others enrolling into the course quite late in the year, the students have worked consistently to meet the demands of the General Art course; which many find much more difficult than they first thought it would be! To finish Mrs Daw mentioned that both she and Ms Totten have raised their expectations in all Art courses this year and that perhaps one of the most difficult aspects of making art was having the courage to put it up on display for judgement by others. She requested that visitors take the time to view each piece and appreciate that every work is the culmination of hours of research, designing, media testing and decision making.

Ms Totten commenced her speech with the acknowledgement that visual art has been used as a fundamental form of language to educate and communicate since prehistoric times, and is now deeply imprinted in human nature. Without it our ancestors would have been unable to share and interpret stories of past journeys and new discoveries, cultures unable to bridge gaps to bring together societies, countries and continents.

She thanked Marie Nilsson, Jayne Irvine and the Year 10 Hospitality students for the delicious spread of food they put on for the event. A special thank you also went to Mr Dave Marshall, Arts Head of Department, for his continued support and assistance for all Arts staff, Jodie Wilkinson for promoting the event across various social and school platforms as well as to the school administration and ASHS staff for coming to view the exhibition and supporting our students in art.

Ms Totten then went on to invite the Year 12 ATAR and General Art students to the front for a group photo before speaking to them more specifically; stressing that tonight we are not saying goodbye to our Year 12s, but congratulating them on their achievements. Also stating that as most senior school students would agree, making art is certainly a labour of love that requires a powerful desire to creatively problem solve ways to successfully reach out and share pertinent visual messages with an audience.

With formal proceedings complete, visitors then enjoyed themselves wandering through the foyer and art rooms viewing the work, voting for artworks in the People’s Choice competition and getting their own hands dirty in the creative pursuit of contributing to the Community canvas situated in the foyer. This is a large black canvas that will be continued by ASHS staff at the next social function and then completed by students in Term 4. Guests were asked not to be concerned about overlapping marks made by previous people as Community is built on interaction and layered of shared experiences.

Mel Daw
TEACHER

2018 PEOPLE'S CHOICE AWARD

The People's Choice Awards at this year's annual art exhibition, *The Je ne sais quoi of Virtuosity* was a very close one indeed. We are pleased to announce the well-deserving recipients of each year group are as follows;

Year 8 Megan Orr

Year 9 Carris Thompson

Year 10 Savannah Orzel-Kopec and Harmony Daw

Year 11 General Bryonie Stokes

Year 11 ATAR Princess Catbagan

Year 12 General Byron Smith

Year 12 ATAR Eamon Pritchard

Congratulations to all of you and we are sure that you will make great use of the quality art pack prizes which we selected from Oxlades through their buyer's reward system, TESS.

Year 8

STEM SUMMER SCHOOL – ASSETS CAMP

Year 10 student, Charlotte Markland, has been selected to attend the Aboriginal Summer School for Excellence in Technology and Science (ASSETS) for their outstanding achievement in science, technology, engineering and mathematics.

Charlotte is one of only 105 students from across Australia to be selected to attend one of the three summer schools which will take place during December 2018/January 2019. Charlotte will attend the summer school in Newcastle in January 2019.

ASSETS is part of a broader Indigenous STEM Education Project funded by BHP Billiton Foundation and delivered by CSIRO. www.csiro.au/indigenous-education

From Charlotte:

The 2019 Aboriginal Summer School for Excellence in Technology and Science camp, (ASSETS), is a residential summer school, run by CSIRO, for Aboriginal and Torres Strait Islander Year 10 students who are interested in Science, Technology, Engineering and Mathematics.

I was told about the application and camp by the Follow the Dream coordinator, Stuart Myers, and was lucky enough to be selected for 2019. I have a passion for Science and am friends with a Year 11 student, Tayla Winmar who went this year, so I thought it would be a fun and interesting experience.

I am going to the camp in Newcastle, NSW, from the 2 January until the 11 of January 2019. I am excited to be going and can't wait to meet new and interesting people from around Australia.

YEAR 8 SCHOOL IMMUNISATION PROGRAM

During Term 4, Year 8 students whose parents have given their consent will receive the second of the HPV immunisations. On this day ensure that your child has a good healthy breakfast and plenty of fluid to drink in order to reduce the risk of him/her fainting following immunisations.

Vaccinations like any medication may cause side effects most of these are mild reactions. The injection site may become red and swollen you can treat this by applying a cool damp cloth. Your child may experience some discomfort such as fever, headache or tiredness. For headache and discomfort, paracetamol may be given as directed on the manufacturer's label. If fever persists, consult your doctor. Seek medical advice if your child experiences a reaction that you are concerned about.

As it has been a number of months since completion of consent forms we would like to give parents the opportunity to inform us of any change to details on the consent form. Do not send notes to school please phone or email me, so I can make the changes immediately on your child's form.

For further information please contact:
